ABOUT POET ETHANOL PRODUCTS

POET Ethanol Products is a global leader in the energy and agricultural space. We started as a supplier of fuel ethanol, and have grown into a multi-commodity marketing and transportation company providing solutions in fuels, grains, and carbon dioxide markets. We are part of a network of engineering, management, marketing, and manufacturing companies that are dedicated to being good stewards of the Earth by converting renewable resources to energy and other valuable goods as effectively as humanly possible. As the largest supplier of ethanol in the world, we believe in the value and benefits of driving a renewable solution to global energy needs, and focus on creating a more sustainable path forward in all our related industries.

JOB SUMMARY

When we show up to work at POET Ethanol Products, it's our job to meet our customer's needs as efficiently as possible. This is a full time position (40 hours) with flexible hours. You will have the chance to maintain diesel equipment by completing inspections and preventive maintenance requirements, correct vehicle deficiencies, make adjustments and alignments, keep records, and set the standard for the best high quality vehicle performance.

THIS JOB MAY BE FOR YOU IF....

- You can identify worn and damaged vehicle parts.
- You enjoy determining vehicle condition by conducting inspections and diagnostic tests.
- You are able to maintain vehicle records by annotating services and repairs.
- You know how to comply with federal and state vehicle requirements by testing engine, safety, and combustion control standards.
- You are able to maintain vehicle appearance by cleaning, washing, and painting.
- You are interested in updating job knowledge by participating in educational opportunities and reading technical and regulation publications.
- You are willing to learn on the job and explore opportunities that add value.
- You like helping people and the organization by accepting ownership for accomplishing new and different requests.
- You have strong attention to detail and have a technical understanding of all truck mechanisms.
- You are dependable and take pride in good communication.
- You can supply your own tools (specialty tools are supplied).
- You enjoy documentation, inventory control, supply management, and record keeping.

A TYPICAL DAY (if there is one)

- Keep shop equipment operating by following operating instructions, troubleshooting breakdowns, maintaining supplies, performing preventive maintenance, and fixing needed repairs.
- Contain costs by using warranty and evaluating service and parts options.
- Keep supplies ready by inventorying stock, placing orders, and verifying receipts.
- Keep equipment available for use by completing preventive maintenance schedules, installing component and part upgrades, controlling corrosion, and completing winterization procedures.
- Verify vehicle performance by conducting test drives and adjusting controls and systems.

Interested candidates should complete an application at www.poetep.com. We are proud to be an Equal Opportunity Employer.
