

ABOUT POET ETHANOL PRODUCTS

POET Ethanol Products is a global leader in the energy and agricultural space. We started as a supplier of fuel ethanol, and have grown into a multi-commodity marketing and transportation company providing solutions in fuels, grains, and carbon dioxide markets. We are part of a network of engineering, management, marketing, and manufacturing companies that are dedicated to being good stewards of the Earth by converting renewable resources to energy and other valuable goods as effectively as humanly possible. As the largest supplier of ethanol in the world, we believe in the value and benefits of driving a renewable solution to global energy needs, and focus on creating a more sustainable path forward in all our related industries.

JOB SUMMARY

When we show up to work at POET Ethanol Products, it's our job to meet our team member's needs in a professional and efficient manner. As a Pilot with our flight team, you will be responsible for the safe and efficient transportation of our team members and customers. You should be self-sufficient, proactive and have a high level of attention to detail. Having past corporate flying experience as well as recent proficiency helping schedule flights and rental cars for passengers will help. This is not just a flying job. As a team member you will be expected to help with managing the transport details, aircraft upkeep and maintenance in addition to flight planning, fueling and catering etc.

WORK ENVIRONMENT

- Culture is king at POET. We are all on the same team. We always communicate. We park our egos at the door. These aren't just slogans on our walls. It's part of who we are.
- We have an open work environment, with no offices. We are all in this together and we work close together.
- We work hard. We play hard. We have frequent team events, from bowling to BBQ's to charity activities.
- We also expect that everyone will maintain a healthy work-life balance. It's the best way to optimize health, happiness and productivity over the long term.
